It's time for learning. And fun!

**Science Lesson Plan  
1st Grade Curriculum  
Total Activities: 16**

Chapter - "Living & Nonliving Things"-The learner will understand the patterns of structure and function in living and nonliving things.		
Lesson Code	Lesson Title and Description	LA Number
1	Distinguish Living & Nonliving- Distinguish between living and nonliving things. Know that living things need food, water, space, and shelter to survive. Describe plants and animals that live in an ocean habitat, and group them as plant or animal.	10019 10020
2	Different Animal Environments-Know that animals inhabit different kinds of environments and have external features that help them thrive in different kinds of places.	10021 10022
3	Amphibians-Describe the general features of amphibians. Name specific amphibians, and describe the life cycles and habitats of each.	10023 10024
5	Classify Animals-Classify, group, and compare animals into scientific categories such as plant eaters, meat eaters, and plant/meat eaters.	10025 10028
Chapter - "Earth Science"-The learner will understand basic		

characteristics of earth science.		
Lesson Code	Lesson Title and Description	LA Number
2	Weather Map-Use graphic organizers, such as calendars and graphs, to display weather data and show weather patterns. Know how to read a simple weather map. Identify the cycle of seasons and describe weather patterns associated with those seasons in North America.	10108 10111
3	Thunderstorms-Explore thunderstorms, and describe characteristics of thunder and lightning. Describe basic safety measures needed in thunderstorms.	10026 10090
6	Water Cycle-Describe the water cycle.	10109
Chapter -"Contributions to Science"-The learner will explore contributions people have made to scientific knowledge.		
Lesson Code	Lesson Title and Description	LA Number
1	Jane Goodall-Know who Jane Goodall is, and describe her work observing chimpanzees in Africa. Name one fact we now know about chimpanzees due to Jane Goodall's work.	10027 10057
Chapter -"Custom Curriculum"-Custom Curriculum		
Lesson Code	Lesson Title and Description	LA Number
4	Custom Standard-Custom Standard	
Chapter -"The Surface of the Earth"-The student extends and refines knowledge that the surface of the Earth is composed of different types of solid materials.		
Lesson Code	Lesson Title and Description	LA Number
1	Solid Earth-The student recognizes that the solid materials making up the Earth come in all sizes, from boulders to grains	10110

	of sand.
